1. We appreciate the receipt of referent memorandum requesting our requirements for information on external training subjects. The list of training categories attached to your memo was circulated throughout the Intelligence Community Staff for review, and the responses were favorable. Accordingly, we are returning a copy of the list of training categories reflecting ICS interest in certain ones. Also, we are adding a rather lengthy listing of other training subjects of specific interest to ICS personnel.

2. We will look forward to receiving information on the subjects we have noted and feel confident the information will be of considerable value to us. Should there be questions on any of the subjects listed, please refer them to the ICS Training Officer, [REDACTED]
